

Exhibitor Prospectus 2023-2024

The Chicago Urological Society (CUS) is a professional non-profit organization comprised of urologists practicing in and around the Chicagoland area. This historic society was formed on April 23, 1903, making CUS the oldest local urological society in the United States. We host an outstanding series of scientific meetings featuring keynote speakers of international stature. Each of the six meetings are well attended with an average of 100 urologists.

CUS meetings provide members with an opportunity to exchange information and network with industry representatives. These six meetings are an excellent venue for quality interactions with leading urologists in a relaxed social setting. Each meeting features a CME accredited program, followed by a lively social reception with exhibitors.

At CUS, we recognize and appreciate that industry support of the CUS educational mission is what keeps the Society vibrant! We look forward to seeing you at the University for another dynamic education season.

2023 - 2024 Program Schedule

November 1

- Prostate Cancer

December 6

- Kidney Cancer
